(a)
Explanation
control mean
treatment mean
control 1σ
treatment 1σ
control shore
treatment shore
lateral mobility timescale
control: 62.9 hours
treatment: 60.4 hours
fraction not visited by channel (-)
measurement window (hr)
(b)
modification timescale
control: 28.7 hours
treatment: 17.4 hours
fraction unmodified (-)
measurment window (hr)
(c)
50% lateral mobility (hrs)
(d)
90% lateral mobility (hrs)
distance from apex (m)
