The diagram illustrates temperature variations in different regions over time. It shows two main panels: (a) Gámanjuni and (b) Mannen, with temperature graphs indicating temperature changes from 2015 to 2020. Additional panels (c) display temperature changes from 1870 to 2020 for Gá-RW N, Gá-RW S, Ma-RW E, and Ma-RW N, with noted temperature increases of +1.2 °C and +1 °C.
