Figure: Box plots comparing predicted/measured Rouse number, P_i, for different models.

Categories (top to bottom):
- Graf & Cellino (2002)
- Wright & Parker (2004b)
- Santini et al. (2019)
- van Rijn (1984)
- Eq. 2 with $\beta = 1$
- Eq. 2 with $\beta = 0.94$
- One-parameter model
- Two-parameter model
- Three-parameter model

x-axis: Predicted / measured Rouse number, P_i

x-axis ticks: 1/16, 1/8, 1/4, 1/2, 1, 2, 4, 8, 1, 6
