Interactive comment on “A linear inversion method to infer exhumation rates in space and time from thermochronometric data” by M. Fox et al.

J. Braun (Editor)

jean.braun@ujf-grenoble.fr

Received and published: 25 October 2013

In view of the response you have given to the two reviewers' comments and suggestions, as well as the substantial modifications you have brought to the manuscript to satisfy their concerns, I encourage you the authors to re-submit their manuscript for completion of the peer-review process.
