

Dear ESurf editorial team,

I'd like to point out the excellent work of the Associate Editor. As one who also does AE work, I have been impressed by the depth and utility of his comments, definitely an asset to ESurf.

I have made the few requested changes so that there should be less for the typesetters to fix. As suggested by the Editor as well, I have changed all 'yr' and 'ky' to 'a' and 'ka'.

It has been a pleasure dealing with the journal and I am sure that I'll submit here again.

Kind regards,

Kevin Norton
