

Interactive comment on “Efficacy of bedrock erosion by subglacial water flow” by F. Beaud et al.

A.P. Stroeven (Editor)

arjen.stroeven@natgeo.su.se

Received and published: 9 January 2016

Dear Dr. Beaud,

Thank you for your response to the reviews which addresses all the raised issues and questions, and I encourage you to submit a revised manuscript which includes your highlighted responses.

There were some minor punctuation issues in your new text, none of which were too critical. Perhaps the one that you would like to correct is the use of "thank" instead of "thanks" in your acknowledgements.

Best wishes,

C607

Arjen Stroeven
