Dear editor, dear reviewers,

We have now completed a revision of our manuscript "U-Th and ¹⁰Be constraints on sediment recycling in proglacial settings, Lago Buenos Aires, Patagonia". We would like to acknowledge the interesting and exhaustive reviews by the two reviewers, that helped us improve the manuscript. We did our best to address all comments and suggestions.

We address our answer to more specific comments in the attached file. The manuscript

has been improved following these remarks. We hope that both will help clarifying various addressed points.

Best regards Antoine Cogez
