Received and published: 29 October 2020

Dear Editor and Reviewers,

We would like to thank you for your handling and response to our submission. Please find enclosed the revised manuscript for Earth Surface Dynamics, entitled “Different coastal marsh sites reflect similar topographic conditions for bare patches and vegetation recovery” [Paper #esurf-2020-56], and detailed list of our responses to the comments of the two reviewers. We highly appreciated the comments made by the reviewers, as they enabled us to greatly improve the manuscript.

C1

In the supplement, we give a step-by-step response to the comments. The original comments of the editor and reviewers are copied and shown in black. Our step-by-step replies are inserted and shown in blue. The line numbers that are mentioned refer to the line numbers in the revised manuscript with tracked changes.

Thank you very much for your continued consideration of this manuscript.

Looking forward to your reply.

Yours sincerely,

On behalf of all co-authors,

Chen Wang
