

Athors response to the reviewers' comments

October 30, 2022

Dear editor,

Thank you very much for giving us the opportunity to improve our article by integrating the comments that we received on our preprint.

All the received comments were very constructive, and most of them were incorporated to enhance the quality of our article. Please find below our detailed answers to the three reviewers. The reviewer's comments are shown in bold, and some manuscript modifications are emphasized in different colors for each reviewer.

In blue, the answers to the RC1.

In red, the answers to the RC2.

In magenta, the answers to the RC3.

We remain available to answer your questions if needed.

Kind regards,

The authors.
